Statement of Policy

Prices

Due to rapid change of prices, they are omitted from this catalog. We will gladly furnish current pricing information and more complete information in the form of manufacturer's literature and catalogs promptly upon request.

Terms

Our terms, unless otherwise determined, are net 30 days. Past due accounts are subject to a carrying charge of 1.5% per month. Clerical or machine errors are subject to correction.

Quotations

Unless otherwise stated our quotations are valid for 30 days. Delivery dates are manufacturer's estimates and are not guaranteed.

Shipping

When explicit shipping instructions are not given, we shall use our best judgment to determine the most satisfactory routing. Claims for errors, shortage or corrections must be made upon receipt of goods.

Cancellation

Orders for specialty goods cannot be canceled unless we can obtain permission from the manufacturer to cancel.

Returns

Goods may not be returned without our consent. Material must be in first class, saleable condition, returned prepaid. Credit issued will be less the expenses of handling and manufacturer's restocking charge where applicable.

Taxes

Applicable taxes will be added to the existing prices unless exemption certificates have been furnished.

Please note the following excerpts from New York State guidelines regarding proper use of an Exempt Purchase Certificate: VENDORS MUST HAVE A PROPERLY COMPLETED EXEMPTION DOCUMENT IN SUPPORT OF A TAX EXEMPT SALE IN THEIR POSSESSION WITHIN 90 DAYS AFTER DELIVERY OF THE PROPERTY SOLD OR SERVICES RENDERED.

Caution: Contractors may not use this certificate to purchase or rent services, supplies or equipment which do not become a physical component part of the project. Construction equipment purchased or rented for use in completing the project does not become part of the finished project and, therefore may not be acquired tax free through the use of this certificate.

As your supplier, we must have a certificate on file to grant a tax exemption.

Responsibility

Materials sold by us are as represented and covered only by the manufacturer's guarantees. Our liability is limited to the value of the defective merchandise. We assume no liability for damage to person or property caused by merchandise bought from us or through us. All specifications and engineering information have been reproduced for our customer's convenience only; we do not assume responsibility for accuracy. We are not liable for loss or damage resulting from delays in delivery when caused by circumstances beyond our control.

LINEAR FEET PER CARTRIDGE

Selecting Your Heater BTU Requirement Formula

Which model is best for you? Here's how to find out:

- Multiply room length by width and height.
_____ (length) x _____ (width) x _____ (height) = (A) _____
- Multiply (A) by 0.133. _____ (A) x 0.133 = (B) _____
- Subtract present room temperature from desired room temperature.
_____ (desired temperature) - _____ (present temperature) = (C) _____
- Multiply (B) x (C) to find BTU output required.
_____ (B) x _____ (C) = (D) _____
- Consult chart to right.

BTU Requirement	Recommended Model
0 - 50,000	B50D
50,000 - 100,000	B100A
100,000 - 150,000	B150B
150,000 - 350,000	B350A
350,000 - 600,000	B600A
600,000 - more	Multiple Units
