

EPA Lead-Based
Paint Renovation,
Repair and Painting
Program Rule is
EFFECTIVE
APRIL 22, 2010

Are you COMPLIANT?

McQuade & Bannigan can help
you with compliant lead-safety
tools and supplies.

Contractors, property managers and others who disturb painted surfaces in buildings built before 1978 must now be EPA certified and follow specific work practices to prevent lead contamination.

To learn more about the requirements, visit the EPA's website at www.epa.gov/lead or call the National Lead Information Center at **1-800-424-LEAD (5323)**.
