HONDA Electric Start 24IN Snow Blower #HSS724AAWD

\$2,549⁰⁰

The HSS724 and HSS928 models offers superb maneuverability on smooth surfaces with 14in tall pneumatic, sure-grip tires featuring a retooled, aggressive directional tread pattern. Both models have been redesigned with a larger blower diameter for increased snow removal speed, chamfered scraper for improved snow clearance and offer throwing distances of up to 49FT and 52FT for the HSS724 and the HSS928 respectively. They come standard with hydrostatic transmission, built-in LED headlight, fingertip steering control levers, offset blower shear bolt, 4-direction electric joystick chute control and automotive-style DC electric start with recoil back up.

2 AVAILABLE

HONDA 20IN Single Stage Snow Blower #HS720AA

\$729⁰⁰

The HS720 Series is easy to maneuver carves a 20in path while throwing snow up to 33ft. The auger assist drive helps move the HS720 when the rubber-edged auger contacts the surface. The replaceable rubber blades help clear snow in smooth treads right down to the surface. The Snow Director™ Chute Control feature allows easy control of distance and direction of snow removal. HSA720ASA features plug-in AC electric start for added starting convenience. All models feature large, operator friendly controls, glove-friendly fuel tank caps and a heavy-duty auger housing that stands up to harsh conditions.

HONDA Electric Start 28IN Two-Stage Track Drive Snow Blower #HSS928AATD

\$2,999⁰⁰

Honda HSS928ATD & HSS1332ATD dual track drive models come standard with ice-breaking, heavy-duty, serrated augers. The auger shafts are bearing supported and the auger drive is equipped with an easily replaceable offset blower shear bolt. These track drive models are outfitted with a pneumatic, all-new auger height lever that adjusts to varying surface conditions with the press of a thumb. Larger impeller diameters increase snow removal speed and offer throwing distances of 49ft to 56ft depending on model. HSS928ATD & HSS1332ATD dual track drives come standard with hydrostatic transmission, built-in LED headlight, fingertip steering control levers, 4-direction electric joystick chute control and automotive-style DC electric start with recoil back up.
