

## REPAIR POTHOLES INSTANTLY WITH PAR

PAR by IMCO® is specifically designed and engineered to permanently repair potholes in asphalt. PAR can be installed in any weather condition, including wet, freezing and extreme heat, and is ready for traffic immediately after repair.

PAR can also be used to repair holes in concrete, however it is recommended that MG-KRETE® by IMCO® be used for this application.

**PAR 50LB Bag** **\$29<sup>29</sup>**  
 #EF1800BAG

### Application Instructions

Clean all loose debris or chunks using a stiff broom or a blower to achieve a sound bonding surface.

Place PAR in the hole in 3in layers, tamping each layer area until firm. The last layer of PAR is to be 25% higher than the finished level.

Compact the PAR with a tamper, roller or by driving over it until the desired level is obtained.

### Key Advantages

- PAR is proven to outlast surrounding pavement
- No seasonal grades
- No primer or tacking materials necessary
- Can be used in all weather conditions wet or dry
- No waiting for hot mix
- Available in easy to use 50LB bags (stock), 5GAL pails & 55GAL drums
- Easy to use 3 step repair method
- Open to traffic immediately after repair
- Coverage - 10LBS per square foot at 1IN depth
- 1 year shelf life

*Speed up set-up time and reduce a tacky surface by dusting with sand or cement.*
